# REASONS

WHY AMERICAN FLYER TRAINS ARE **BETTER!**

1

## ONLY AMERICAN FLYER HAS AUTHENTIC 2-RAIL TRACK!

The most important advance in the history of electric trains! American Flyer and ONLY American Flyer has two-rail operation, the track of the model railroad experts. FOR TRUE REALISM THERE CAN BE NO OTHER KIND. Look at the American Flyer track and rubber roadbed in illustration at left. Just like a real railroad right-of-way, isn't it? There's no old-fashioned third rail running down the middle to destroy realism. And

rails are flat-top "I" design for proper wheel traction — not rounded rails which afford only a tiny "point" contact. Ask any real train hobbyist. Talk to any rail-roader. Visit model train centers like the New York Society of Model Engineers. You'll get the same answer everywhere: two rails for realism. That's why smart railroaders choose American Flyer!

2

## ONLY AMERICAN FLYER HAS PISTON-TIMED SMOKE AND CHOO-CHOO!

Another great milestone in model railroading—and exclusive with American Flyer! Here's how it works: as your American Flyer train streaks along the tracks, clean white smoke puffs out of the stack while, from inside the locomotive, you hear choo-choo-choo-choo-choo. EVERYTHING IS TIMED TO THE ACTION OF THE BIG DRIVING WHEELS, just as on a real locomotive!

When the train goes fast, more smoke comes out and Choo-Choo's increase. And American Flyer smoke is thick and clean, not thin gray wisps. Smoke rapidly goes to work in 3 seconds and lasts for HOURS! No need to refill every few minutes! Smoke is harmless to children, cannot damage walls, draperies, etc. Delightfully pine-scented for added appeal.

3

## AMERICAN FLYER LOCOMOTIVES AND CARS ARE TRUE SCALE MODELS!

Authentic scaling throughout, each one a replica in miniature of the famous passenger and freight trains seen on real railroads. American Flyer selected 3/16" scale because it's the most practical and most realistic. That means 3/16 of an inch in an American Flyer loco or car equals one foot in the original locomotive or car after which it is patterned. Compare American Flyer trains with ANY OTHER MAKE. Notice how Flyer equipment has real railroad length and sweep; other trains appear stubby and foreshortened. That's because other makes are out-of-scale. Drawing at right illustrates this point, shows dramatically how important scale is to realism.

### TYPICAL *American Flyer* DETAILING

These close-up track level photographs tell the story of American Flyer emphasis on accurate and authentic detail. Such craftsmanship is typical

4

ONLY AMERICAN FLYER GIVES YOU

# THE NEW AIR CHIME WHISTLE!

It's the Whistle that's revolutionizing model railroading and only American Flyer has it! An exact sound reproduction of the famous NATHAN AIR CHIME WHISTLE now in service on nearly 100 U.S. railroads! You've read about it in newspapers and magazines. You've heard it on radio, seen it on television. You've ridden on trains which have it. (Crack Limiteds like "The Southerner," the "Diplomat," the "Bluebird" and scores of others.) Now you can HEAR this sensational Air Chime Whistle on American Flyer Diesel and steam locomotives . . . the same melodious Whistle replacing the harsh Diesel horn on major railroads and scheduled for installation in many steam locos.

**BLOW ANY WHISTLE  
SIGNAL IN THE  
RAILROAD CODE BOOK!**

ALL AMERICAN FLYER WHISTLE LOCOMOTIVES MADE IN 1951 WILL HAVE THE NEW AIR CHIME WHISTLE. Think of what that means in realism, in fun! Short, staccato toots or long blasts can be sounded with ease. No other whistle made can do this realistically. With the American Flyer Air Chime Whistle there's no raspy, sand-papery sound, no irritating motor noise. There's no train slow-down, no big volume drop even if voltage is reduced.

When the remote control button is pressed, you hear the built-in Air Chime Whistle INSTANTLY! There is no gear-grinding build-up that spoils realism. Tones are clean, sharp and clear! Furthermore, the new American Flyer Air Chime Whistle is completely trouble-free. There are no adjustments to make, no relays to get out of order. Yes, the big electric train news for 1951 is the new American Flyer Air Chime Whistle! Ask your dealer to let you hear it.

## LOOK AT THESE FEATURES!

- Blow short, quick toots. Impossible with other whistles.
- No grinding motor buildup, no fading of tone.
- Exact tone and pitch duplication of real Nathan Air Chime Whistle.
- Nothing to get out of order, no adjustments to make.

AMERICAN FLYER LOCOMOTIVES ARE FAMOUS FOR REAL

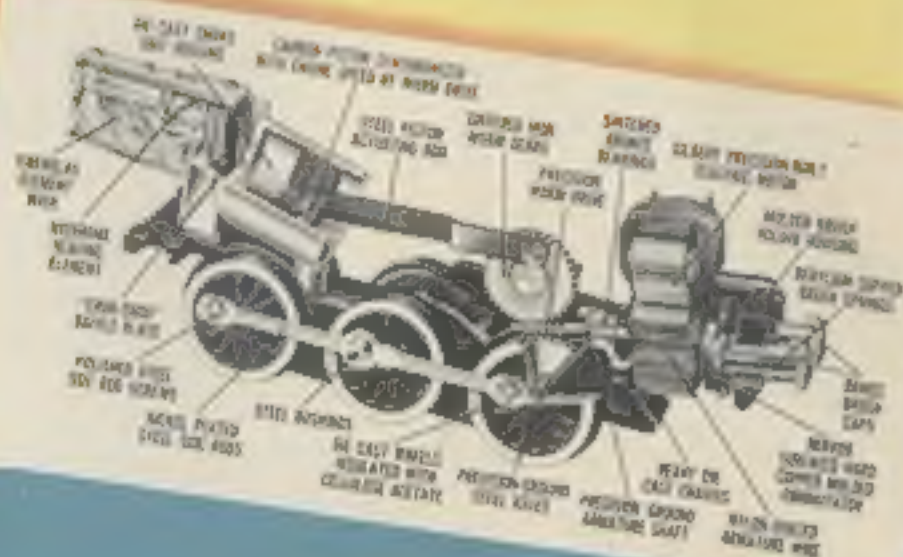

## BUILT-IN POWER!

POWER FOR THE GRADES...  
SPEED FOR THE FLAT HAULS

It stands to reason that the Gilbert Company, which turns out more fractional horsepower motors than any other manufacturer in the United States, also makes the finest electric train motor. American Flyer locomotives have ALWAYS been noted for rugged power, for standing up under year-in, year-out service. In exhibits and displays, where electric trains receive in a few days the equivalent of several year's service, and where dependability is a must, American Flyer is invariably specified.

Cut-away view at right of an American Flyer locomotive shows the famous Gilbert worm-and-gear drive motor that provides the best and most realistic operation, that assures smooth starting and stopping. There are no jolt-rabbit leaps forward as with ordinary electric trains. Instead, your American Flyer loco starts up slowly, just like a real steam engine or Diesel, gradually gaining speed on the mainline. It's a railroad thrill only American Flyer can give you! And that's because only American Flyer can give you the world's finest worm-drive motor!

The Heart of your American Flyer Train—  
THE FAMOUS GILBERT WORM-DRIVE MOTOR

## Here's Proof of Power...

6

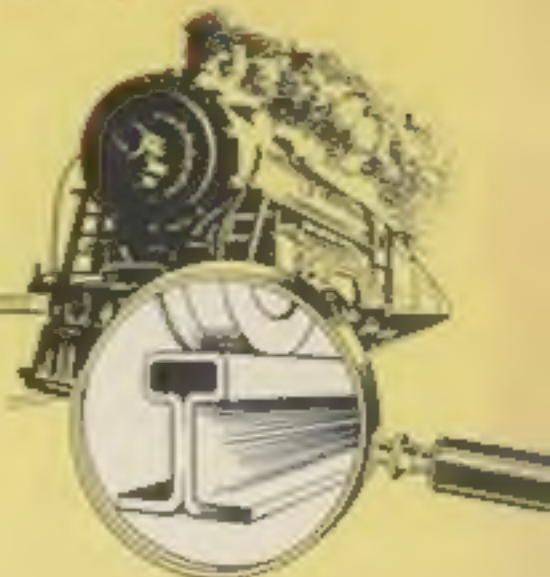

## AMERICAN FLYER TRAINS ARE FAMOUS FOR *Dependable Performance!*

### FOR REAL RAILROAD TRACTION—FLAT TOP "T" RAILS

Look at the track on a real railroad right at eye level and you'll see that it's flat on top to provide plenty of surface for the flanged wheels to "take hold." Railroadmen have learned in the last 125 years that this flat top "T" construction is the only kind that would do the job. AMERICAN FLYER AND ONLY AMERICAN FLYER HAS THIS SAME 2-RAIL "T" TRACK. As a result, there is plenty of traction for top locomotive performance, unlike ordinary round "point contact" track where locos need special devices to keep them on the rails and provide proper wheel traction. Insert close-up at right shows cutaway of American Flyer "T" design and illustrates how wheel grips the rail for the best train operation.

### GILBERT PRECISION MANUFACTURING ASSURES TROUBLE-FREE OPERATION

Imagine making electric trains so carefully that maintaining tolerances of .0003 of an inch, or ONE TENTH the diameter of a human hair, is all in a day's work! Yet that's exactly the sort of craftsmanship that goes into each piece of American Flyer equipment—and one of the many reasons American Flyer trains are built for a lifetime of use. Giant 250 ton presses draw metal to perfect uniform shape; costly Electronic Strobescopes accurately test locomotive operation to insure top performance. High frequency electronic equipment, which detects minute flaws in armature and field coils, safeguards you against motor imperfections. Only the best pass the test! Much of the machinery that makes American Flyer trains is "one-of-a-kind" especially designed by Gilbert experts. Yes, you know that when you get American Flyer you get the best because it's made better!

7

## AMERICAN FLYER OFFERS YOU THE LARGEST CHOICE OF AUTHENTIC RAILROAD ACCESSORIES!

When you select your electric train, the chances are you'll be thinking of the years ahead, planning for that wonderful model railroad "dream layout." You'll want a scale model rail system with busy terminals, bustling yards, stretches of open country including automatic equipment that goes into action as your train passes and accessories that perform by remote control.

When you make your choice American Flyer you know that dreams like this can come true. For American Flyer offers the LARGEST SELECTION OF RAILROAD ACCESSORIES you can buy! All of them are perfectly scaled and beautifully made. Many of them are remote control or automatic in operation. Every one of them can help to create for you a model layout that will give you years of fun.

# American Flyer SCALE MODEL TRAINS

Each includes 1 1/4 watt transformer, 25 watt transformer to light set built and runs smoothly.

## No. 300T "ATLANTIC" THREE-CAR FREIGHT WITH POWERFUL WORM DRIVE MOTOR

Here's real value that only American Flyer can offer! The price is low, but quality is top-notch, from the powerful "Atlantic" type locomotive with its rugged Gilbert worm drive motor fully American Flyer has worm drive motors throughout entire line and its authentic freight cars, Box Car, Gondola and Caboose can be uncoupled without touching the pin. Train starts, stops and reverses by remote control. Cattle measures 3 ft., 3/16 in. long. Track runs 100 in. and.

### No. 300T FREIGHT INCLUDES:

No. 300 "Atlantic" type locomotive and Tender. Locomotive is die cast, tender is pressed steel. Combined length 16". No. 642 Box Car, with red railroad finish, 7 1/2" long. No. 641 Gondola Car, with deep red finish. Fur coat, ore, etc. 6 1/2". No. 638 Caboose. Has authentic red finish, 6", 12 w. Curved track—No. 704 Uncoupler—No. 1 1/4 Watt Transformer—No. 690 Truck Terminal—Illustrated Train Book.

## No. 301T "ATLANTIC" THREE-CAR FREIGHT SET WITH SMOKE AND CHOO-CHOO

The lowest priced smoke puffing train set you can buy, anywhere! And what fun you can have with this speedy freight outfit as you send her smoking along the rails, smoke puffing out of the stack and realistic choo-choo keeping time with the big drive wheels. Worm-and-gear-driven locomotive is "Atlantic" type; cars can be uncoupled at touch of finger. Transformer included. Train measures 3 ft., 2 in. long. Track runs 100 in. and.

### No. 301T TRAIN SET COMPRISES:

No. 302 Atlantic locomotive and Tender, locomotive pulls Smoke and has Choo Choo sounds. 10" long. No. 640 Hopper Car, with grey finish, 6 1/2" long. No. 642 Box Car, with red railroad finish, 7 1/2" long. No. 638 red Caboose, with complete detail, 6" long. No. 1 1/4 Watt Transformer—No. 704 Uncoupler—12 w. Curved track—No. 690 Truck Terminal—Smoke Capsule and Funnel—Illustrated Train Book.

No. 1 American Flyer "Solitary" Transformer, with 25 Watt power output, is included with train set.

# Only *American Flyer* has SMOKE AND CHOO-CHOO!

Think what that means, in fun and in realism! As your train picks up speed, Smoke pulls out of the stack in greater volume and piston-timed Choo-Choos become faster and faster. Whether your American Flyer train is highballing with throttle open or coming to a gradual station stop, Smoke and Choo-Choos keep pace with the turn of the big drivers. No other electric train in the world has this double barreled feature that means more railroading fun, more thrills, more honest-to-goodness value!

## No. 314 PENNSYLVANIA DE LUXE PASSENGER SET WITH SMOKE AND CHOO-CHOO

Get out for the railroading thrill of your life when you "ride the rails" in the crack American Flyer Limited. It's a green light and clear track all the way—and there's important mail to pick up on the fly. Now you see it—the mail car rolling ahead, with the mail sack hanging loose from the cross arm. You press the remote control button and, as your mighty K-3 Locomotive thunders by, Smoke, streaming from the stack, the sack is whisked aboard and another mail bag is tossed out of the car. Say, this is railroading! Set measures 18" x 3 1/2". Track frame 36 1/2" in. steel.

## No. 314 PENNSYLVANIA PASSENGER TRAIN INCLUDES:

No. 312 Pennsylvania K-3 Locomotive and Tender, with Smoke and Choo-Choo. 17" long. No. 214 Operating Mail Pick-up Car, with suction, mail sacks and control box. Red Light. Car is 10 1/2" long. 2 No. 6104 Blended Coaches, with large windows. Painted in red and white. 10 1/2" long. 12' long. Curved Truck—4 set. Straight Truck—No. 216 Remote Control Undercar—No. 212 Automatic Truck set—No. 610 Truck Tender—Smoke Capsule and Funnel—16 Truck Sacks—Illustrated Train Book.

## PICK UP MAIL ON THE R.T.

Exciting fun and action! As speeding mainline passenger train thunders by, metal arm inside Mail Car reaches out and grabs mail sack from crossbar while another sack is thrown out to the ground. It all happens by remote control. Featured on Set No. 314 shown above.

No. 5002<sup>1</sup> AMERICAN FLYER

## CIRCUS TRAIN

WITH COLORFUL BIG TOP SETTING

No. 5002T

WITH TRANSFORMER

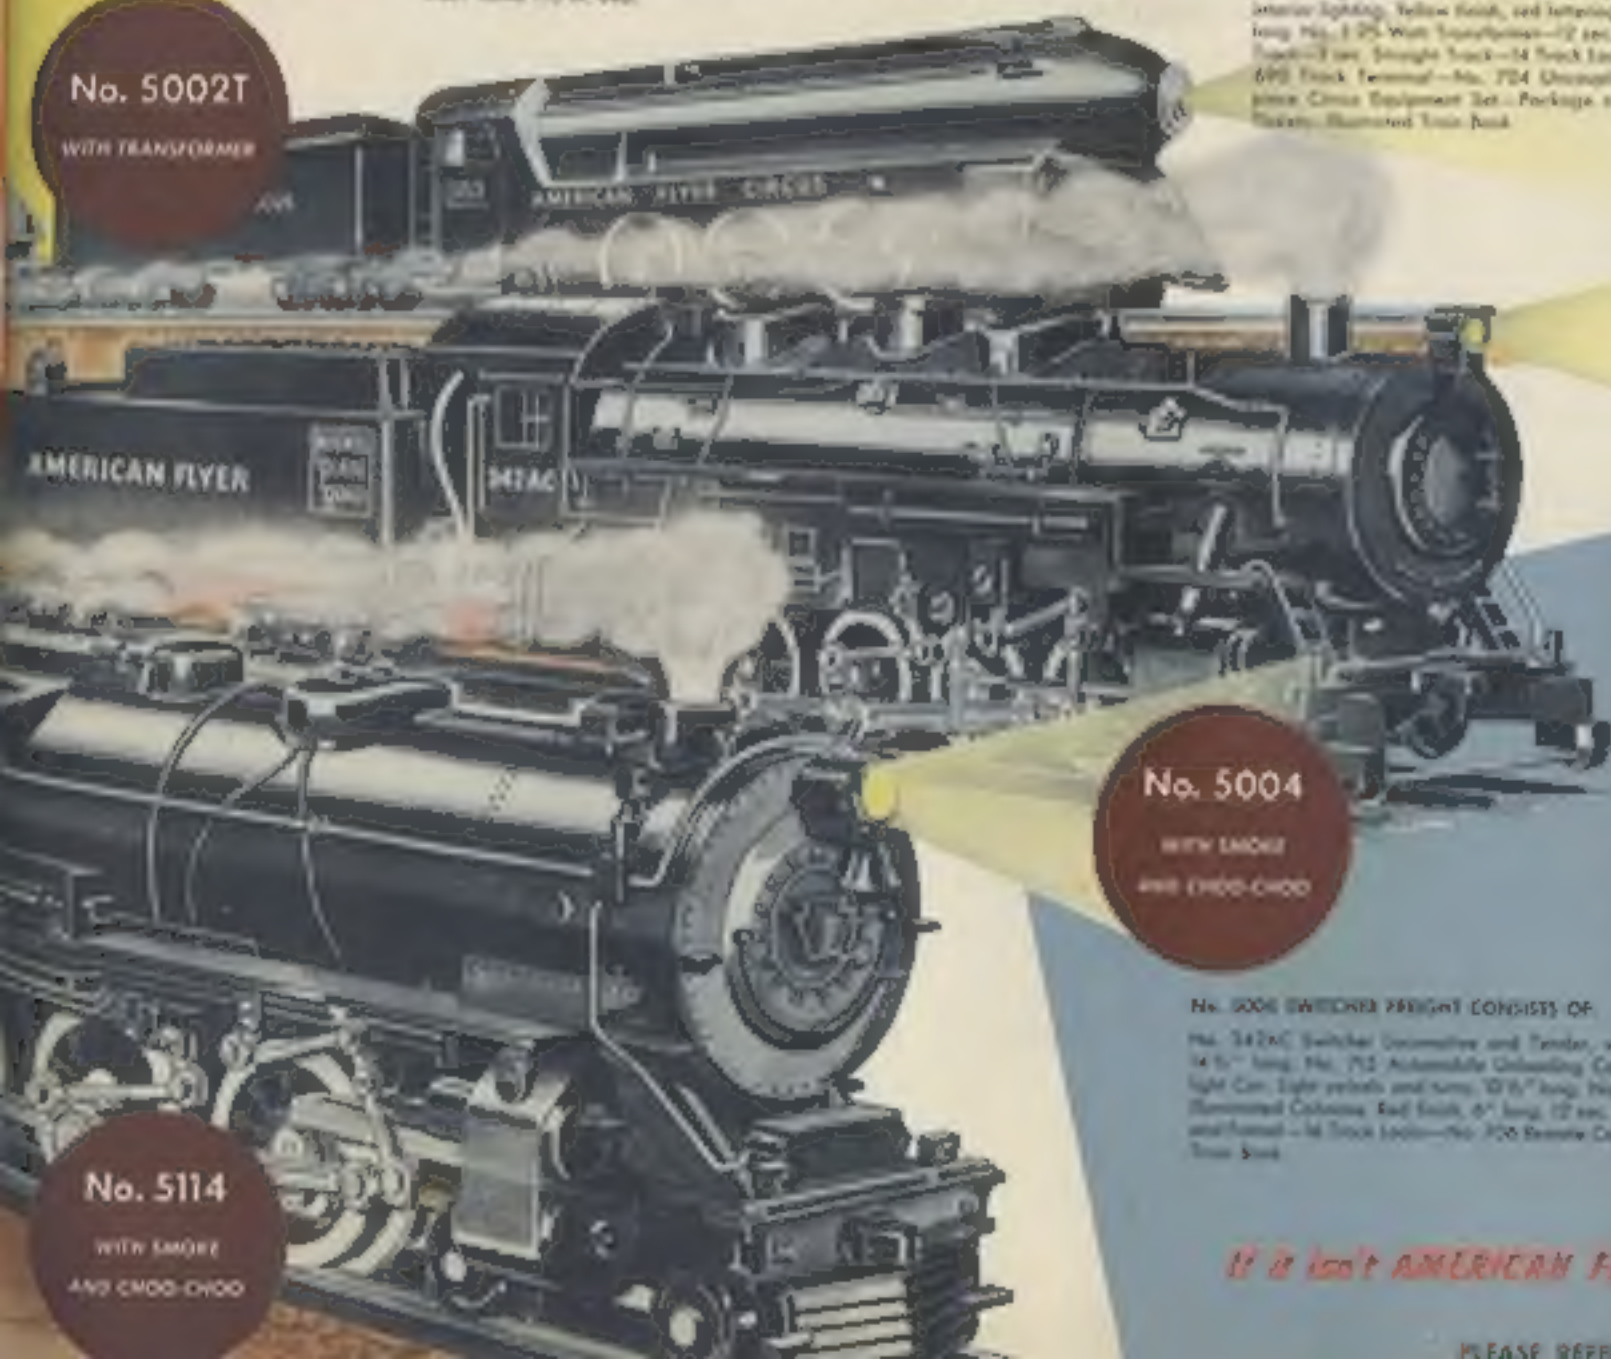

An unbeatable combination—the glory and romance of railroading plus the excitement and fun of circus life! Not only do you get a complete Circus Train, including a streamlined Farquhar-type locomotive and three cars, but a 45-piece Circus, all ready to set up. Train is fully remote controlled; runs uncoupled by touch of lever. 25-Watt Transformer included. Set measures 3 ft., 0 1/2 in. long. Truck base 140 in. deep.

### No. 5003T CIRCUS TRAIN CONSISTS OF:

No. 355 Farquhar Locomotive and Tender. Red and black with yellow lettering. 17 1/2" long. 2 No. 643 Circus Flat Cars with animal cages and trucks. 8 1/2" long. No. 649 Circus Pullman Car, with interior lighting. Yellow finish, red lettering. 10 1/2" long. No. 1 25-Watt Transformer—12 sec. Corral Track—3 sec. Straight Track—14 Truck Scales—No. 692 Truck Terminal—No. 704 Uncoupler—48-piece Circus Equipment Set—Parade of Circus People—Illustrated Train Book.

No. 1 American Flyer "Safety First" Transformer, with 25-Watt power output. Is isolated with circus train on the right.

No. 5004

WITH SMOKE  
AND CHOO-CHOO

No. 5114

WITH SMOKE  
AND CHOO-CHOO

### No. 5004 "NICKEL PLATE RAILROAD" SWITCHER FREIGHT

WITH SMOKE AND CHOO-CHOO

When a whole lot of interesting there is in the big four-axle freight set, powered by one of the most impressive "look goods" ever made—the American Flyer Nickel Plate R.R. Switcher Locomotive. Locomotive with rear smoke and power (smoke) Choo Choo. You'll marvel when you see the engine when you get within 100 feet of the train along the rails. You'll know how to fit with the Automobile Unloading Car that, by remote control, uncouples the engine and sends it down an incline to the ground. The Flyer Freight Locomotive is ideal for night operations—great light reflects and lamp. Train measures 8 ft., 10 in. long. Truck base 100 in. long.

### No. 5006 SWITCHER FREIGHT CONSISTS OF:

No. 342AC Switcher Locomotive and Tender, with Smoke and Choo Choo. Mouth of devil. Length 14 1/2" long. No. 712 Automobile Unloading Car, with control unit. 7 1/2" long. No. 640 Power Freight Car, with yellow and red. 10 1/2" long. No. 631 Gondola Car, with full detail. 8" long. No. 630 Illuminated Caboose, Red finish. 6" long. 12 sec. Corral Track—4 sec. Straight Track—Smoke Capsule and Terminal—14 Truck Scales—No. 706 Remote Control Uncoupler—No. 690 Truck Terminal—Illustrated Train Book.

*If it isn't AMERICAN FLYER it isn't scale model!*

## All American River Locomotives Operate on Alternating Current Through a Transformer

Because of the high voltage, the power is carried by power lines to the transformer. The transformer then converts the high voltage to a lower voltage, which is then used to power the locomotives. The transformer is located at the end of the line, and the locomotives are then powered by the transformer.

### No. 249 RAILROAD TUNNEL

This set includes a large, dark, arched tunnel entrance with a small building and a train inside. It is a great addition to any railroad collection.

### No. 37A PARK SET

This set includes a small, white, rectangular building with a flat roof and a small chimney. It is a great addition to any park collection.

### No. 37B STATION FIGURE SET

This set includes a small, white, rectangular building with a flat roof and a small chimney, surrounded by several small figures. It is a great addition to any station collection.

### No. 748 OVERHEAD FOOT BRIDGE

This set includes a large, white, rectangular structure with a cross-shaped top and a small figure on top. It is a great addition to any bridge collection.

### No. 760 AUTOMATIC HIGHWAY FLASHER

This set includes a tall, black, rectangular structure with a cross-shaped top and a small figure on top. It is a great addition to any highway collection.

### No. 596 OPERATING WATER TANK

This set includes a tall, black, rectangular structure with a cross-shaped top and a small figure on top. It is a great addition to any water tank collection.

# CHECK LIST OF SUPPLIES *to keep your layout in tip-top shape!*

HERE ARE THE THINGS YOU NEED TO MAINTAIN AND IMPROVE YOUR AMERICAN MODEL RAILROAD. OUR NEIGHBORHOOD AMERICAN MODEL DEALER WILL BE GLAD TO ASSIST YOU WITH ADVICE IN MAKING THE PROPER SELECTION OF SUPPLIES.

## No. 21A IMITATION GRASS

For making fields, shrubbery, and heavy cover. Excellent for use in conjunction with No. 22 Scenery Gravel. Green plastic. Approx. 100 lbs. per bag.

## No. 22 SCENERY GRAVEL

No. 22 Scenery Gravel is a fine, light-colored gravel. It is perfect for use in conjunction with No. 21A Imitation Grass. It is also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 23 ARTIFICIAL COAL

No. 23 Artificial Coal is perfect for use with No. 22 Scenery Gravel. It is also perfect for use in conjunction with No. 24 Rainbow Wre.

## No. 28A TRACK BALAST (not illustrated)

No. 28A Track Balast is a fine, light-colored gravel. It is perfect for use in conjunction with No. 22 Scenery Gravel. It is also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 29A IMITATION SNOW

No. 29A Imitation Snow is a fine, white, powdery substance. It is perfect for use in conjunction with No. 22 Scenery Gravel. It is also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 30A HIGHWAY SIGNS

No. 30A Highway Signs are perfect for use in conjunction with No. 22 Scenery Gravel. They are also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 31A RAILROAD MARKER SET

No. 31A Railroad Marker Set is a perfect for use in conjunction with No. 22 Scenery Gravel. It is also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 24 RAINBOW WRE

No. 24 Rainbow Wre is a perfect for use in conjunction with No. 22 Scenery Gravel. It is also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 460 LAMP ASSORTMENT KIT

No. 460 Lamp Assortment Kit is a perfect for use in conjunction with No. 22 Scenery Gravel. It is also perfect for use in conjunction with No. 23 Artificial Coal.

## No. 75 SMOKE CARTRIDGES

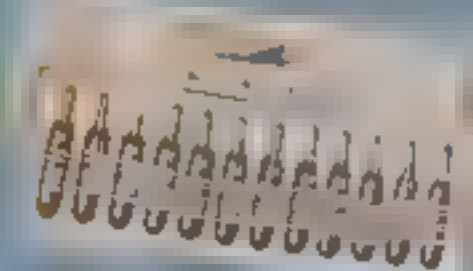

No. 75 Smoke Cartridges are perfect for use in conjunction with No. 22 Scenery Gravel. They are also perfect for use in conjunction with No. 23 Artificial Coal.

## AMERICAN LIVER BUCKS

AMERICAN LIVER BUCKS are perfect for use in conjunction with No. 22 Scenery Gravel. They are also perfect for use in conjunction with No. 23 Artificial Coal.

# FOR 41 YEARS...

## has been America's Truly Great Toy!

*Now it's more popular than ever!*

For the first time in 41 years, the Erector set is back! It's the only toy that can build anything you can imagine. It's the only toy that can build anything you can imagine. It's the only toy that can build anything you can imagine.

At last, the Erector set is back! It's the only toy that can build anything you can imagine. It's the only toy that can build anything you can imagine. It's the only toy that can build anything you can imagine.

Get it? Another set of Erector set parts. It's the only toy that can build anything you can imagine. It's the only toy that can build anything you can imagine. It's the only toy that can build anything you can imagine.

## THE WORLD'S GREATEST CONSTRUCTION TOY!

AIRPLANE RIDE

WALKING BEAM ENGINE

FERRIS WHEEL

**BUILD THE THRILLING AIRPLANE RIDE**

For the thrill of flying, build the Airplane Ride. It's a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Airplane Ride is a great way to spend a few minutes of your time. It's a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Airplane Ride is a great way to spend a few minutes of your time.

**BUILD THE WALKING BEAM ENGINE**

The Walking Beam Engine is a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Walking Beam Engine is a great way to spend a few minutes of your time. It's a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Walking Beam Engine is a great way to spend a few minutes of your time.

**BUILD THE COLORFUL FERRIS WHEEL**

The Ferris Wheel is a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Ferris Wheel is a great way to spend a few minutes of your time. It's a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Ferris Wheel is a great way to spend a few minutes of your time.

7 Elements  
Of the  
Electric  
Engine

This is the compact little power plant that put many of the Erector models into motion. It's a small, simple structure that can be built in a few minutes. The instructions are on the back of the box. The Electric Engine is a great way to spend a few minutes of your time. It's a simple structure that can be built in a few minutes. The instructions are on the back of the box. The Electric Engine is a great way to spend a few minutes of your time.

## BUILDS HUNDREDS OF ALL-STEEL MODELS!

### BUILDS PARACHUTE JUMP AND MERRY GO ROUND

With a huge 100 lb. assortment of parts, you can build the most complete and interesting model ever made. The Erector set is a complete kit of all the parts and tools you need to build a wide variety of models. The set includes a large assortment of steel beams, rods, nuts, bolts, and washers. You can build a wide variety of models, from a simple bridge to a complex machine. The set is designed to be used by children of all ages, from 8 to 12. It is a great way to learn about engineering and mechanics. The set is also a great gift for children who love to build. It is a classic toy that has been around for over 50 years. The set is made of high-quality steel and is built to last. It is a timeless classic that will be enjoyed for generations to come.

# ATOMIC ENERGY

For the past several years the Atomic Energy Commission has been working to develop a program of atomic energy education for the public. This program is designed to provide the public with a basic understanding of the principles of atomic energy and its potential uses. The program is being carried out through a series of publications, including this one, and through a series of lectures and demonstrations.

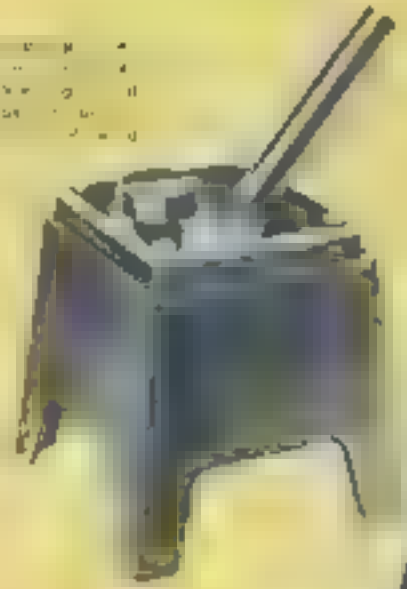

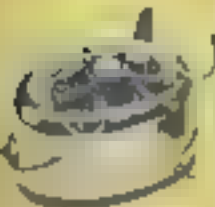

For the greatest educational value, use all the material included in this kit. The kit contains a variety of instruments and components which will enable you to observe the principles of atomic energy in a practical way. The kit is designed for use in the classroom or at home. It is a valuable addition to any science collection.
